Education

University of Wisconsin-Madison

B.S. Conservation Biology (Honors); B.S. Zoology; Certificate in Env. Studies

GPA: 4.0

Sep 2023 - May 2026

Tropical Conservation Semester (Study Abroad) - Ceiba Foundation

Field research and conservation training in the Amazon rainforest and Galápagos Islands

Ecuador

Jan - May 2026

SaengThong Vittaya School - Rotary International Youth Exchange Student

Co-taught English and Piano Classes; Studied Thai Language & Cooking

Hat Yai, Thailand

Aug 2022 - May 2023

Experience

Research Coordinator

Hlomo Hlomo Wildlife Reserve

KZN, South Africa

Aug 2026 - Present

- Design and lead a research project analyzing the ecological impact of a resident wild dog pack on plains game populations within an 800-hectare reserve.
- Implement protocols for estimating prey abundance, recruitment, and mortality to guide management and potential wild-dog translocation decisions.
- Coordinate field data collection across daily GPS monitoring & kill-site investigations, semimonthly game counts, and 10 camera trap sites

Conservation Program Coordinator

Loziba Wildlife Reserve

KZN, South Africa & Madison, WI

July 2024 - Present

- Co-founded Loziba's internship program and recruited 17 international students, generating \$63,000+ in program fee revenue for reserve operations.
- Pioneered an institutional partnership between UW-Madison and Loziba by organizing faculty meetings and student presentations for visiting reserve director
- Assisted in community outreach, reserve management, and research during three month-long stays at Loziba

Field Director

Carnivore Coexistence Lab, UW-Madison

Madison, WI

Sep 2023 - Dec 2025

- Designed and led an independent research project investigating spatial and behavioral patterns of gray wolves on private agricultural land
- Supervised a \$15,000 research budget and mentored a team of two undergraduate research assistants
- Deployed 24 trail cameras over 1,000+ acres of private land and built partnerships with 12 landowners
- Synthesized data into peer-reviewed publication (under review) to influence state wolf management policy

Publications

- Seaborg, A., Deering, O., Treves, A. (under review). Gray Wolf Behavior across Private Lands Measured by Trail Cameras. *Submitted to Stacks Journal*

Awards

- UW-Madison Dean's List (6 semesters)
- National Merit Scholar, Finalist (2022)
- Inspiration Grant Recipient (2021)
 - Co-authored successful \$2,500 grant to build irrigation for Forward Garden community food program
- Eagle Scout (2021) - *Boy Scouts of America*

Additional

Skills: Fundraising, Project Management, Science Communication, Community Outreach

Languages: English (Native), Spanish (Limited working proficiency), Thai (Basic)
